SECTION E. MARKETING CHANNELS FOR ALL CROPS

Enumerator: These are crop-wise market channels for those crops in the previous section that had some sale. Fill in the crop if there was some sale of the crop. If the same crop was sold through multiple channels, use a separate row for each channel. If the same crop was sold to a particular channel multiple times over the season, please combine these and note down the average price. The total quantity sold must be consistent with production or harvest stocks held and all other uses.

	Crop Code	Crop Name	Crop and marketing channel details			Total quantity sold through this channel		Ask these questions only if there is some sales of this crop-- by marketing channel					Transaction costs (Rs.) incurred on travel to and from the market, agent's commission, cololie to the labourers, etc.?	At the time of sale, how much was deducted from the total as repayment of debt or interest [Write 0 if there was no loan repayment or deduction by the buyer]	Net income from sale Rs. [This has to be price*quantity - all transactions costs and loan repayment]
			Main product or By-product [0 = Main 1 = By-product]	How much of this harvest was sold? Quantity (Use units in previous E column) Copy from K column in previous section.
